Taking the mystery out of sail racing

Do you race? Would you like to? Want to improve?
Thought about it but it's 'not my scene'?
Like to know about it as a spectator/crew/spouse?
Like to help out in as support/safety boat?
Like to help with the race office?
None of the above, but interested anyway?

Free!

Bar open as usual

Racing at Hardway is **fun** and is as challenging as you want it to be!
AND – it improves your sailing skills

How does a race start? What happens if I get it wrong?

How is a course planned? How can I remember where to go?

Who has right of way when I go round a mark (buoy/post etc)?

How can I make my boat go faster?

Chris Watts is a club member and our professional tutor from the RYA. He is a seasoned racer and an international judge.

He will give an introductory talk about aspects of the racing rules and then open up to any questions you may have.
